You may not be perplexed to enjoy every ebook collections introducing phonetics and phonology that we will unquestionably offer. It is not on the order of the costs. Its approximately what you infatuation currently. This introducing phonetics and phonology, as one of the most lively sellers here will no question be along with the best options to review.

*Creaky voice - Wikipedia*
In phonology. In the Received Pronunciation of English, creaky voice has been described as a possible realisation of glottal reinforcement. For example, an alternative phonetic transcription of attempt [ə'tʰemʔt] could be [ə'tʰemm̱t].. In some languages, such as Jalapa Mazatec, creaky voice has a phonemic status; that is, the presence or absence of creaky voice can change the meaning of

*Iconicity - Wikipedia*
In functional-cognitive linguistics, as well as in semiotics, iconicity is the conceived similarity or analogy between the form of a sign (linguistic or otherwise) and its meaning, as opposed to arbitrariness (which is typically assumed in structuralist, formalist and generative approaches to linguistics). The principle of iconicity is also shared by the approach of linguistic typology.
